

1

Create an EU Login

1. Open your browser and create the EU login (if you don't have any).
2. Connect [here](#).
3. Choose your verification method.
4. Select "password: Authenticate to EU Login with only your password".
5. Move the mouse to your name and select "My account".
6. Select "Manage my mobile devices".
7. Select "Add a mobile device".

2

Download the EU Login App on your smartphone (App Store or Google Play)

1. Scan the QR code with the application.
2. Choose a pin code.
3. Link your mobile device with your EU Login.

3

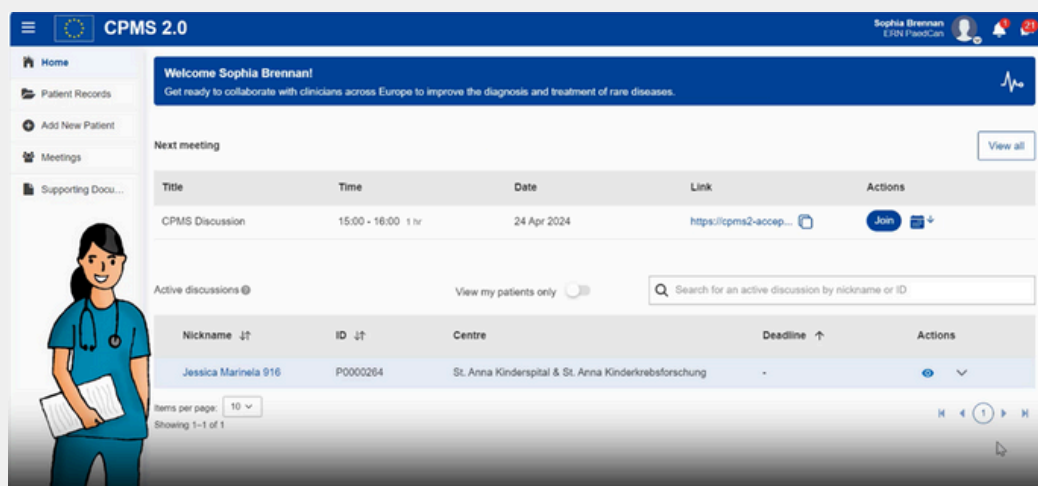

Request access to the CPMS 2.0

1. Request access for CPMS 2.0 [here](#).
2. Complete the questions.
3. Review your information before submitting.
4. Application submitted for approval – wait 24 hours for the confirmation email.
5. This [short video guide](#) might help you.

4

First Login to the CPMS 2.0

1. Go to the CPMS 2.0.
2. Connect with your EU Login and the QR code verification method.
3. Move the mouse to your name and revise your personal information and your notification settings.
4. Move the mouse to "Add New Patient" to add your patient case and invite experts.
5. Move the mouse to "Meetings" to see the meetings you have been invited to.
6. This [short video guide](#) might help you.

The screenshot shows the CPMS 2.0 web application interface. At the top, there's a navigation bar with the CPMS 2.0 logo and user information for Sophia Brennan. Below the navigation bar, a welcome message is displayed. The main content area is divided into sections: 'Next meeting' with a table showing a CPMS Discussion on 24 Apr 2024, and 'Active discussions' with a table showing a discussion by Jessica Marinela. A sidebar on the left contains navigation links like Home, Patient Records, Add New Patient, Meetings, and Supporting Docs. A cartoon illustration of a healthcare professional is also present in the bottom left corner of the interface.
